From the Editor

It's a very slim newsletter this month as the content cupboard is bare. On the brighter side we look forward to all those out of comfort zone creations at this month's meeting. Thanks to Modelair for donating a \$100 voucher for the model that wins the members vote on the night.

Next year it looks like the Expo show that Wellington have run in the past will be making a comeback but this time the venue is to be Fielding. The show will be a joint venture between IPMS Wellington and Manawatu and is slated for April 2024. This will be followed by the 2024 nationals in October. If the Waikato group hold their show again then it looks like the modelling event calendar will be very healthy going forward.

From the Chairman

Under the New Zealand Incorporated Societies Act 2022, from 5th October, all societies in NZ have had to re-register to retain their incorporated status.

For us to be able to incorporate under the new Act, we were required to update our constitution in line with the new Act. Our constitution has gone from a 3-page document to a 25-page document, with changes that affect everyone who is a member.

We will be sending out the new accepted constitution to members with the newsletter this month. We very strongly advise you all to read it, as it will affect you as a member, whether you care about the club constitution or not. If you have any concerns, please raise them with the committee, and if you would like to see anything changed or updated, we will table, discuss and vote at the AGM in April, but you have until then to raise any pertinent issues.
